**MAIL STOP AMENDMENT**

Sir:

Applicant wishes to thank the Examiner's supervisor Carl Friedman for the courtesy of a voicemail which he left for the undersigned on June 16, 2004. Examiner Friedman's voicemail was in response to our query as to the finality of the May 14, 2004 Office Action issued in the above-indicated patent application.

Specifically, the Office Action Summary apparently erroneously indicates in Section 2A that the action is final. However, the text of the Office Action appears to indicate that the Office Action is non-final, as no mention is made as to the finality of the action. Accordingly, Examiner Friedman indicated that the Office Action is indeed non-

final. Therefore, we will treat the May 14, 2004 Office Action as non-final for purposes of our response thereto.

Respectfully submitted,
